

Step one to hiring a veteran: **BUILD MILITARY AWARENESS**

A WORKSHOP FOR ALL EMPLOYEES

Like individuals, organizations are unique. There is not a one-size-fits-all approach to hiring and retaining veterans. That's why veteran employment starts with greater military awareness for HR and talent professionals.

During the interactive workshop, Sara will address military cultural differences, traditional and non-traditional veteran skill sets, best practices for veteran engagement, organizational readiness factors, facilitate meaningful conversations and inspire ideas for a customized action plan.

“The engagement of the participants exceeded our expectations. Sara's skillful facilitation enriched the overall experience for all.”

*K. Simas, Client
Santa Barbara Foundation*

BENEFITS:

Gain an in-depth understanding of military culture and the transition experience

Increase intra-cultural competencies and organizational readiness

Connect and collaborate with existing veteran population

Become aware and empowered and take action!
